

Oh Hey There!

My name is Brent. Nice to meet you. I'm a graphic & web designer based out of Port St Lucie, FL. Over the past 10+ years I've been fortunate enough to work with incredibly talented people in fields I truly enjoy. From NASCAR to children's animation. I've learned and grown from every person and project. When I'm not working in design, you'll find me in the garage "fixing" cars with a hammer. At one point, I was a mascot. I once discovered the meaning of life, but forgot to write it down.
